

More Choices. Better Value. Increased Employee Satisfaction.

Give employees the option to choose the health benefits that fit their lifestyle and budget.

You can utilize our flexible, easy to use, and mobile-ready technology to keep costs down and data accurate while offering your employees an online health insurance exchange with more benefits options, complete with decision-making tools!

With the Savoy Associates Private Group Exchange, your employees will have all of the information they need to make their purchasing decisions. The system makes recommendations based on their needs and the funds available through defined contribution and the employee's contribution. It's an innovative approach to providing health insurance benefits for your employees!
